OSCAR ANWAR

3D GAME ARTIST | STYLIZED ASSETS & REAL-TIME ART

Egypt | zamrart@yahoo.com

Portfolio: zamrart.github.io/portflio | linkedin.com/in/zamrart

PROFILE

3D artist with 6+ years across games, AR, and cinematic projects. Sole 3D artist on **Dummy Pirates: Ocean Tales**, released on Steam. Experience taking characters, environments, and props from modeling and sculpting through retopology, UVs, PBR texturing, and real-time integration. Led 3D production and technical art for a Unity AR application.

EXPERIENCE

Freelance 3D Artist | Independent

Jan 2020 - Present | Remote

Create characters, environments, props, and hard-surface assets for studios and direct clients. Handle blockout, sculpting, retopology, UVs, textures, lighting, and rendering to suit each project's visual and technical requirements.

Lead 3D & Technical Artist | Torum Technology Sdn. Bhd.

Oct 2023 - Sep 2024 | Kuala Lumpur | Production breakdown

Built and implemented AR character assets in Unity, including textures, blendshapes, shaders, lighting, and post-processing. Developed workflows, reviewed outsourced art, and worked with engineers on optimization and tooling.

Game Director / 3D Artist | Good Place Games OÜ

Jan 2022 - Jun 2023 | Remote | Production breakdown | Steam

Sole 3D artist on **Dummy Pirates: Ocean Tales** in a six-person team. Created ships, characters, environments, textures, shaders, and VFX. Contributed game direction, UI/UX, mechanics, art planning, and technical-art workflows. Steam Early Access: Apr 2023; full release: Nov 2024.

3D Character Artist | Popcorn Marketing

Jul 2022 - Sep 2022 | Kuala Lumpur

Translated stylized ant concepts into an optimized, rig-ready base character and variations.

3D Character Artist / Team Lead | CYBERDOGZ.io

Aug 2021 - Jul 2022 | Remote

Created characters from concept to final render and guided the team through sculpting, modeling, retopology, UVs, texturing, lighting, and compositing.

3D Artist | Smart Business Services

Sep 2020 - Aug 2021 | Cairo

Produced 3D assets and motion work for a ROTANA Studios pitch, covering storyboards, modeling, animation, simulation, surfacing, lighting, and rendering.

TOOLS & EDUCATION

Tools: Maya, Blender, ZBrush, Substance Painter, Marvelous Designer, Photoshop, Unity, Unreal Engine.

Diploma in Digital Animation & Game Arts | The One Academy | 2019 - 2022
Languages: Arabic (native), English (fluent).
